OBJECTIVE
As a Computer Science student with a passion for technology, a knack for critical thinking and problem solving, and strong inter-personal skills, I believe I bring a very unique and valuable skillset to the table. As such, I strive to utilize my strengths in a way that would most benefit my potential employer, boss, peers, and the overall work environment.

BUSSER **MIKUNI SUSHI (MIDTOWN)**
Sept 2018 – Present

- Standard busser duties including cleaning/setting tables with extensive pre-bussing required due to size/volume of the restaurant.
- Interact with customers in order to not interrupt/inconvenience them while pre-bussing their table.
- Ability to keep up with the needs of a high-volume restaurant/bar, and ability to fill in most roles as needed.

BARTENDER **EAGLE BLUE (TOKYO, JAPAN)**
July 2018 – Sept 2018

- Experience serving popular mixed drinks/cocktails, beer, and shots.
- Experience in a high-volume, fast-paced, 'party' style bar.
- Ability to keep calm, communicate, take and fulfill orders, and function under extreme pressure.

INDEPENDENT CONTRACTOR **MOD SQUAD**
Aug 2013 – Oct 2018

- Extensive experience with Zendesk, Salesforce, Asana, Basecamp, as well as back-end admin/billing tools unique to individual projects.
- QA tester for mobile games, and Facebook applications.
- Customer phone support and ticket services for several social media and game companies.
- 3+ Years of Forum, Game, and Social Media Moderation.

COMPUTER SCIENCE **CSU SACRAMENTO**
Aug 2017 – Present

- Algorithm Design/Problem Solving
- C/C++ & Java Programming Languages
- Experience with Assembly, Object Oriented Programming, and Data Structures

- > Extensive Customer Service Experience
- > Forum, Game, Discord, and Social Media Moderation Expert
- > Bartending, Bussing, Food Running, and Food Service Experience.
- > Knowledge of Japanese Culture & Cuisine
- > 3+ months spent living in Japan (Tokyo)
- > Some knowledge of Japanese Language
